I am a newbie and have successfully installed Home Assistant and have it talking to Home Assistant Nest. But having some issues. When I go to the configuration page I only seem to have 1 map, that's the house, when I add a second map, for example, the schools it only shows the schools and when I press the live view button, it shows the school, the house and the schools. I also cannot search for anything, for example, clicking on the houses button and it just returns the house map, nowhere near the list of houses in the neighborhood. I'm trying to use this for family purposes so it's important that I can search for the specific house in the neighborhood. 50b96ab0b6
